

No Remote Learning Courses if Students opt to Zoom-In regardless of Risk Dial As of August 5, 2020 - Subject to Change

- This is a list of courses that the Curriculum Department does not recommend for students who prefer to take courses remotely (Zoom-in) starting SEM1 (August) or SEM 2 (January) regardless of the Risk Dial.
- This list does not include courses which may need to be adjusted in case our district goes from In-Person to remote learning (Zoom-In).
- If students are moving to learning remotely (Zoom-in) in the middle of the semester, it is at the discretion of the school to decide whether students should be moved from one course to another. It should be noted that each situation should be examined on a case-by-case basis (due to credits needed, other requirements, timing of the change, etc.).

Curricular Areas	List of courses the Curriculum Dept. does not recommend for students who prefer to take courses remotely (Zoom-In) <u>starting in August</u> regardless of the Risk Dial.
CTE - Business	Digital Media (8250 & 8250H), Video Production (82536), Digital Design (82001), Web Design & Programming (8330)
