Model Dress Attire for Educators
It is important for employees to protect a professional image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting a professional image. Employees are expected to maintain modest professional attire when on duty. As professionals, employees are expected to be aware of the standard to be maintained. As a minimal guide, employees should not wear clothing which students would not be permitted to wear at school. The school administration may establish more detailed guidelines for attire.
