

Science Course Sequence Recommendations:

*Accelerated Science Track

1. Admission to this science sequence recommends high achievement in Science D and Algebra D.
2. Students should enroll in Geometry or higher as a ninth grader.
3. Students should first register for Geoscience D and then make application to this program.
4. Students in this program will be expected to complete 4+ years of science.

**Enrolling in BioD as a freshman requires a parent agreement to ensure the student is ready for the accelerated track. Please contact your counselor for more information.*

Science Electives vary from school to school.
