Overview

Students have the opportunity toward being a Certified Nursing Assistant and work toward a Physical Therapy Aide or Emergency Medical Responder in addition to phlebotomy, med aide, and pharmacology courses. Practice with hands-on training in a simulated setting and focus on learning concepts essential for pursuing a career in the health industry.

Student Experience & Projects

A variety of activities will enrich the classroom training, including health oriented activities such as community service events, blood drive, fire and rescue activities, senior center health screenings, service learning projects, HOSA competitions, job shadows, athletic trainer assistance, summer health camps, internships, and health industry career fairs.
